

Though I am a little late responding for the Warren County Bar, as to the domestic practicing lawyers, they are almost unanimously opposed to the concept of the proposed rule changes and use of Pro Se forms as there is no way this can be implemented without the clerks giving legal advice and further putting the judges in the position of representing both parties. The Attorneys in Warren County do a lot of pro bono work and we overall thought legal aid was to take care of those who cannot afford legal assistance. Thus, it overall appears we are creating a new bureaucracy that we do not think is necessary at this time.

Sincerely,
Warren County Bar President
